A first impression

If you appreciate modern design, spacious layouts, and light-filled living spaces, you'll be captivated by this exclusive architect-designed house in a tranquil, panoramic location in Sinsheim. Situated on a plot of approximately 475 m², the villa combines stylish living, working, and relaxation at the highest level – ideal for discerning families. Highlights at a glance: • 227 m² of living space spread over three floors • 8 versatile rooms • Two terraces, outdoor pool & sun deck • Wellness area with sauna and indoor fitness area • High-quality fitted kitchen, air conditioning & smart features • Architectural design with wood and natural stone elements • Two parking spaces directly at the house. Living with panoramic views & style. Upon entering the light-filled foyer, you'll immediately notice a well-conceived living concept: The open-plan kitchen with its high-quality appliances invites you to cook and enjoy meals. Floor-to-ceiling windows in the approximately 35 m² living and dining area create an exceptional sense of space. The adjoining south-facing terrace offers breathtaking 180° views across the fields – the ideal spot for soaking up the sun or enjoying balmy summer evenings. An external staircase leads from the living area to the lower terrace with its outdoor pool and comfortable lounge area. Mature trees and modern bamboo plantings create a private oasis with a Mediterranean flair. The approximately 30 m² master bedroom boasts its own fireplace, dressing room, and a luxurious en-suite bathroom with a whirlpool tub, rain shower, and double vanity. A separate office with its own guest WC is available for productive work from home. Wellness, retreat, family life: A true highlight awaits you on the garden level: The open-plan living room with a fireplace and a view of the pool creates a special atmosphere – perfect for reading, relaxing, or as a retreat on cooler days. Two children's bedrooms with their own west-facing terrace offer space for the youngest family members or guests. The exclusive wellness area with sauna and indoor fitness area transforms your home into a private spa retreat. The level is conveniently complemented by utility and storage rooms, including a laundry room. Airy, bright, and flexible: The attic. A floating maple staircase leads to the open-plan attic. The gallery is currently used as an office, and next to it is another bedroom for guests or as a retreat. Electric awnings with wind sensors and modern air conditioning ensure maximum comfort here as well. In short: This villa is an architectural statement for stylish living with comfort and panoramic views. Natural stone meets wood, modern technology meets a relaxed atmosphere – a home that leaves nothing to be desired.
