A first impression

This well-maintained detached house boasts a generous living area of approximately 225 m² and is situated on a spacious plot of approximately 980 m². With a total of 7.5 rooms, including five bedrooms and three bathrooms with natural light, the house offers versatile living options for families and discerning couples who value comfort and flexibility. Thanks to its solid foundation, the property also offers scope for individual modernization wishes. The floor plan is clearly structured and thoughtfully designed. The ground floor welcomes residents and guests with an inviting entrance area including a cloakroom and a guest WC to the left. From here, you enter the spacious living and dining area, which is complemented by a wood-burning stove – a guarantee for a cozy atmosphere, especially during the autumn and winter months. Also located on this level are two bedrooms, which can be used as master bedrooms, children's bedrooms, or offices. Not to be forgotten are the kitchen with an adjoining pantry and a bathroom with natural light – all on one level. The potential master bedroom is equipped with a sauna and features a large, covered southwest-facing terrace. From the living and dining area, you can access the main covered terrace and the lush, natural garden – an ideal retreat from the stresses of everyday life. The upper floor boasts a small, west-facing conservatory that floods the loggia with natural light, making it perfect as a workspace or creative area. This level also includes another bedroom and a full bathroom with natural light. The partially renovated, self-contained apartment is accessible via a separate entrance to the house and garden, offering flexible usage options, such as for adult children, guests, or as an additional income stream through rental. Here, too, there is the opportunity to incorporate your own design or modernization ideas. Also located on the lower level are a practical cellar, a separate utility room, and a hobby/ironing room. Your vehicles are also taken care of: a double garage with an electric door is available. This entrance provides direct access to both the garden and the basement (cellar and separate apartment). This detached house with a separate apartment combines spaciousness and functionality with a well-maintained structure and offers numerous opportunities for privacy and personal expression. With a little attention to detail, the full potential of this property can be realized. We invite you to arrange a viewing appointment and see for yourself the many advantages of this house.
