A first impression

For sale is a semi-detached house, which was built in 1926 in solid construction. The house is visually appealing and is in very good structural condition. The property stands on a plot of approx. 482 m² on a quiet residential street in a family-friendly residential area of Treptow-Köpenick - Niederschöneide.

The living space of approx. 106 m² is spread over two floors with a total of 4.5 rooms including the converted attic. The partial basement has additional usable and storage space. The semi-detached house impresses above all with its spacious plot and excellent location. The floors are covered with tiles, carpet and vinyl parquet.

The covered entrance leads to the first floor. There you will find a fitted kitchen including all electrical appliances, a family bathroom with shower, bathtub and WC as well as a dining room and a living room. The living area leads onto the west-facing terrace and offers an excellent view of the lovingly landscaped garden.

A wooden staircase leads to the upper floor, where there are two further rooms and a bright guest WC. From here you can also access the attic, which has been subsequently converted and is ideal as a bedroom, children's room, guest room, study or hobby room.

The basement area offers a separate room for use as a hobby room, workshop or practical utility room, for example.

The well-kept, large garden is beautifully landscaped and becomes a feel-good oasis, especially in summer. Lush shrubs and trees provide a natural privacy screen to neighboring properties. The in-ground pool invites you to relax in nature. At the end of the garden is a massive outbuilding (garden shed and tool shed), which provides space for garden tools. There is also a garage on the property, which offers space for a vehicle.

All about the location

Location:

The Niederschöneide district belongs to the Berlin borough of Treptow-Köpenick and is home to around 13,000 residents in an area of approx. 3.49 km². Niederschöneide borders Oberschöneide to the north and across the Spree, while the four districts of Spindlers Feld, Adlershof, Johannisthal and Baumschulenweg border it to the east, southeast, south and southwest. The district is connected to Berlin's public transport network by the three S-Bahn stations Schöneide, Schöneide depot and Oberspre, and there are also several bus and streetcar lines to and from Niederschöneide. The district is also home to the longest street in Berlin, Adlgerstell, whose extensions Michael-Brücknerstraße and Schnellerstraße, as well as Sterndamm, Rixdorfer Straße and Oberspreestraße, are the most important traffic arteries in the area.

Geography:

The former industrial site of Niederschöneide is located in the north-western part of the Treptow-Köpenick district. It is located on the southern bank of the Spree with the district of Oberschöneide opposite. The district borders on Spindlers Feld, Adlershof, Johannisthal and Baumschulenweg.

Location / traffic:

Nierschöneide is just a 30-minute drive from the center of Berlin. The S-Bahn line S8 makes it easy to reach the centers of the capital, so you can reach Alexanderplatz in just 25 minutes and Zoologischer Garten station in about 40 minutes. The Schöneide S-Bahn station is a very busy station, served by seven bus lines, five streetcar lines and six S-Bahn lines. Berlin-Brandenburg International Airport is just under 20 minutes away by car or about 25 minutes by S-Bahn.

Infrastructure:

Schöneide is developing into an urban science, business and technology location in the south-east of Berlin. Various leisure and cultural activities are complemented in Schöneide by a well-developed supply infrastructure and all important educational facilities. Parents have access to seven daycare centers, four elementary school, six secondary schools and a grammar school for the care and education of their children.

Economy:

Schöneide is already home to more than 300 companies with over 3,000 employees. Seven companies employ more than 100 people with a focus on energy, sensor

technology, ICT, education and the creative industries. The industry focus is on transport technology & mobility, energy & environmental technology, media & creative industries, photonics & optics, IT & automation, microsystems & materials. Up to 10,000 new jobs in the high-tech and creative industries are expected to be created here by 2030.

Leisure / sport / nature:

Nine sports clubs run through the district. Due to the water-rich surroundings, water sports clubs have settled here, as well as a tennis club and a soccer club. For families with children, the nearby FEZ, Europe's largest non-profit children's, youth and family center, provides plenty of variety, especially for those with children. More than 40 stores are waiting to be discovered in the Schöneweide center.
