## **Una primera impresión**

**Living at the highest level in Amsterdam!**

**Exclusive penthouse of approx. 120 m<sup>2</sup> on the 19th and top floor of Floating Gardens, featuring an expansive wraparound terrace, three bedrooms, exceptionally high-quality finishes, energy label A+++ and a phenomenal view over the Amsterdam skyline and the western harbour area.**

**Número de propiedad: NL26185613 - 1043 Amsterdam**

## Detalles de los servicios

**This corner penthouse occupies the top floor and looks out in two directions: over the city skyline and over the western harbour area with open water. On both sides there is no overlooking from neighbours, providing complete privacy at this height. The living room and open kitchen are situated on the corner of the building and share that view, with natural light throughout the day through the large windows.**

**The luxury kitchen features an island and a complete Gaggenau built-in appliance suite (pizza oven, steam oven, vacuum-sealing drawer), operable via Home Connect. The current owners personally finished the apartment in full detail after its 2024 completion, using premium brands: a cast lava stone floor, designer lighting from Occhio among others, and switches from Modulec. Sonos speakers and cabling are concealed out of sight. The result is a consistently high level of finish — fully move-in ready and available including furniture if desired.**

**The penthouse features underfloor heating and cooling. Combined with the cast lava stone floor, which regulates heat and cooling effectively, the interior remains comfortable even on hot summer days. Also noteworthy is that the apartment comes with two private parking spaces, one with a charging point, in a building with just 31 spaces in a low-traffic neighbourhood.**

## **Todo sobre la ubicación**

Floating Gardens was designed by Orange Architects in collaboration with Bureau Rowin Petersma and stands out for its architecture, roof gardens and sustainable character. Residents also have access to various shared amenities: a communal roof garden, a lounge, a work and meeting space, a cooking studio and a guest room for residents' visitors. A parcel locker is located in the lobby.

The building is situated in Sloterdijk, a rapidly developing neighbourhood. For daily convenience, various shops and hospitality venues are within walking distance, including a Jumbo supermarket, bakery, pharmacy and gym. Sloterdijk station is just a few minutes' walk away: approximately 6 minutes by train to Amsterdam Centraal and around 10 minutes to Schiphol Airport. A direct metro connection provides a transfer-free journey to the Zuidas business district and Amsterdam's historic city centre. By bicycle, Westerpark is just a few minutes away and Vondelpark within 15 minutes.
