## Détails des commodités

You enter the property via your private front door at the raised ground floor level. A well-maintained staircase leads you to the second floor.

This floor is essentially a fully self-contained apartment, making it perfect for an adult child, guests, or an au pair. It includes a private entrance, a spacious living room with ensuite doors and French doors opening to a small front balcony, a semi-open kitchen, and a bedroom at the rear.

This floor also has a bathroom with black floor tiles, a sink, shower, toilet, towel radiator, and connections for a washer and dryer.

The third floor features a landing with a laundry area and a separate toilet.

At the rear, you'll find a stunning master bedroom with an impressive walk-in closet.

The adjacent bathroom is luxuriously finished with sand-colored floor tiles and features a king-size bathtub, a stylish sink with storage for towels, and a large mirror.

The walk-in shower has an easy-drain system, a glass shower screen, a towel radiator, and designer faucets, giving you the feel of an Eastern spa!

At the front, there are two generously sized bedrooms.

The fourth floor is the absolute pièce de résistance of this incredible apartment: a loft-style living room with an exposed beam structure.

The roof is largely fitted with electrically operated glass panels, giving you the sensation of being outdoors. **TRULY UNIQUE!**

The living room is exceptionally spacious, with French doors leading to a Juliet balcony overlooking the inner gardens.

It also features a (gas) fireplace and ample space for a sitting area and dining table.

The sleek, modern high-gloss white kitchen is slightly elevated, creating a natural separation from the living room. Its robust finish includes a gray composite countertop with a sink and professional faucet, a Quooker, a 5-burner gas stove with a wok burner, double ovens, a fridge, freezer, dishwasher, and a floating range hood. Whether cooking up a feast or enjoying a glass of wine at the bar, this kitchen is a delight.

The building consists of two apartments and is well-maintained. The foundation was renewed in 2004/2005.

In consultation with the downstairs neighbors, it is possible to create a separate apartment right on the second floor.

The homeowners' association (VvE) is small, with maintenance costs shared equally. The building is insured, and the VvE is registered with the Chamber of Commerce.

As a bonus, the property is located on freehold land, so no hassle with leasehold!

**In short: an incredibly spacious home with various living options!**
