Une première impression

EXCLUSIVE, HIGH-END AND LUXURIOUS

On the stately Vondelstraat, one of the most beautiful and quietest streets in Amsterdam, this exclusive, fully renovated (2025) double upper house is offered for sale, spread across three residential floors and two roof terraces.

The extensive renovation was carried out under architectural supervision with an eye for detail and perfection, using only premium materials and equipment. The result is a completely renewed apartment that combines authentic details (high ceilings, ornaments, moldings, panel doors) with a thoughtful layout, smart technology, and an impressive sense of space and light.

The apartment features an elegant light oak floor, beautifully detailed wall moldings, dimmable rimless LED ceiling spotlights with Wi-Fi (Zigbee) control, a luxurious high-end kitchen with all conceivable new appliances and bronze-colored finishes, marble-look bathrooms and toilets, and new hardwood window frames with insulating double glazing and blinds.

The property radiates a serene, high-end atmosphere flooded with natural light. The top two floors offer unique views over the Vondelpark and the Zuidas, as well as the Vondelkerk and the Rijksmuseum. On the top floor, the panoramic roof windows and generous roof balcony create a penthouse-like atmosphere with a rich "New York Central Park" feeling.

The apartment has a total floor area of 205 m² and an indoor living area of 158 m², two roof terraces totaling 30 m²—one directly overlooking the Vondelpark—and a fold-out roof balcony on the top floor, also with park views. The property is freehold, situated in a prime location directly next to an entrance of the Vondelpark.
