Une première impression

Can a home in the heart of Glyfada balance openness and privacy with warmth and a refined architectural expression?

Positioned on the third floor, Nere offers an elevated residential experience defined by openness, light, and a continuous visual relationship with its surroundings. Organized on a single level, the residence features a refined and efficient layout, where living spaces extend toward generous terraces and a private plunge pool. Its elevated position enhances privacy and orientation, while maximizing natural light throughout the day.

The residence includes four bedrooms, five bathrooms, and two parking spaces, combining comfort and functionality within a clear architectural framework. The result is a residence defined by elevation, transparency, and a continuous relationship between interior space and exterior environment.

Glyfada is one of the most established districts of the Athenian Riviera, defined by its coastal setting, urban convenience, and residential prestige. Framed by the sea and the Glyfada Golf Course, it offers rare openness within the city while remaining close to central Athens, with marinas, high-end retail, and fine dining shaping a complete lifestyle destination.
