Μια πρώτη εντύπωση

This spacious semi-detached house, built in 2002, is a high-quality home with well-designed features and a pleasant amount of space. The rental is based on a fixed-term lease agreement with a term of approximately four years. With around 193 m² of living space, the property offers bright, generously proportioned rooms and plenty of space for a variety of living situations. A total of 5.5 rooms and two fully equipped bathrooms are available, creating a wide range of possibilities for individual living.

The highlight of the house is the spacious living area of about 40 m². Large, floor-to-ceiling windows create a particularly bright and inviting atmosphere while offering a beautiful view of the garden. A fireplace adds to the room's comfort and creates a cozy vibe. From here, you can step right out onto the terrace and into the garden—perfect for relaxing outdoors.

The basemented with around 72 m² of additional usable space is particularly practical. This offers a wide range of possible uses – for example, for hobbies, storage space, or a utility area.

The property is also equipped with modern technology: a hybrid heating system consisting of a heat pump and gas boiler, partial underfloor heating, and a photovoltaic system with battery storage and wall box underline the modern and energy-efficient character of the house.

The garden with around 362 m² of land, a carport and an outdoor parking space complete this attractive offer.

The excellent location in the heart of Kleinmachnow is particularly noteworthy.

Located in the immediate vicinity of the town hall square, residents benefit from an excellent infrastructure. Shopping facilities, doctors, cafés, and other amenities for everyday needs are within walking distance. Schools and daycare centers are also within easy walking distance—an ideal combination of quiet living and urban proximity.

See for yourself and arrange a viewing appointment.
